

TOWN OF GEORGINA
Civic Centre, Keswick, Ontario L4P 3G1

Press Update from Georgina Community Health Care Committee

The Georgina Community Health Care Committee is pleased to announce that they have recruited another new physician, Dr. Russell Jafrudy. Dr. Jafrudy comes to us from Whitby, where he has practiced the past three years. He will be starting his practice in Georgina, joining Dr. Kakavand and Dr. Cosmin in the Medical Clinic at 417 the Queensway, Keswick above Shoppers Drug Mart. He will be opening his office October 15th, and hopes to provide some “walk-in” services as well as Family Practice.

Dr. Nicoleta Cosmin is still accepting new patients to her practice. The phone number for both doctors is: **905-989-7800**.

The Recruitment Sub-Committee is busy preparing for the week long “Health Professionals Recruiting Tour” which travels to the medical schools across Ontario from October 4 – 8th. During these Recruiting Fairs, students from medical and nursing programs have an opportunity to speak with representatives from as many as 135 underserved communities across the province. For our part the Committee has a chance to interest them in our beautiful town and entice them to “Practice Where You Play”. The volunteers from the Georgina Community Health Care Committee are continuing a very active and productive year in assisting the residents of Georgina in meeting their health care needs.
