Georgina Town Council June 7

Award of contract – Hedge Road Bank Stabilization

Council received the report regarding the construction of bank stabilization between Hedge Road and Lake Simcoe, and approved the award of contract to Hawkins Contracting Services Ltd. Hedge Road travels along a bluff and is elevated compared to the adjacent shoreline of Lake Simcoe. Wind, wave and ice action along the shoreline has scoured the bank, causing steep slopes and local failures. The construction will occur along the shores of Lake Simcoe between Seward Drive and approximately 175 m east of Seward Drive. The award of contract will allow the eroding bank to be stabilized, mitigating the risk to Hedge Road and associated Town infrastructure.

Award of contract – road repair program 2023 to 2025

Council received the report regarding road repairs throughout the Town and awarded a three-year contract with funding for the 2023 portion of construction services to Lisbon Paving Co. There are more than 400 locations where repair work will be done this year. Council also received a briefing note on the road repair program that outlined an interactive map that will be available on the Town's website. The map provides a Town-wide overview of all planned road repairs and various core infrastructure upgrades. It gives residents an opportunity to check if work is being done on their street or in their area.

Additional Council Information

Comprehensive minutes of Georgina Town Council Meetings, which detail the full list of Council decisions, are available under [Agendas and Minutes](#) on the Town website once they have been ratified by Council.
